

Expanding Mobile Barrier

Versatile, highly visible barrier for safety exclusion control.

Description

The Mat World Expanding Mobile Barrier is the essential safety signage for when serious exclusion for safety is required.

The versatile highly visible fold-up design expands easily to a full 4 metres long, but when folded the wheels allow for easy movement between areas and the compact nature of the folded barrier allows for simple storage.

KEY FEATURES:

- 600mm x 330mm footprint when folded, 4m long barrier when extended
- Consists of a series of 900mm high, bright yellow panels
- Weight is 20kg
