

Aluminium Stair Nosing

Description

These quality aluminium stair nosings are manufactured with aluminium material inserts which are perfect for use on exposed stair ways and high traffic areas.

All nosings have been tested to conform to current Australian Standards AS NZS 1428.4.1 and come with accredited certification.

The premium rubber inserts are designed specifically to ensure that a safe path of travel is available for all, particularly for those with vision impairment. This stair nosing has a P4 anti-slip rating.

Our range of aluminium stair nosings are available in a choice of black or clean anodised aluminium:

- 1C Black - with a 10mm nose
- 1C Clear - with a 10mm nose
- Black Ribbed - with a 10mm nose
- Clear Ribbed - with a 10mm nose

Benefits

Slip Resistance, Hi Traffic
