

Aluminium Architectural Mats

High class entrance mats that are built to last.

Description

Preferred by architects and designers throughout Australia, Mat World's Aluminium Architectural Mats are an appealing addition to commercial and higher end residential buildings. Available in a traditional silver finish, with the ability to customise the carpet insert to suit the style and colour of your space.

Built to your required size and specifications, Mat World's Architectural Mats feature aluminium scraper treads designed to remove large particles from shoes, while the inserts remove fine particles and can absorb moisture.

KEY FEATURES

- Aluminium treads with 50mm mat inserts
- Suitable for wet and dry areas
- Ideal for high foot traffic
- Inserts can be carpet-faced or coir
- Can be used indoors & outdoors
- Made to fit mat recesses - any shape or size
- Sound absorbing vinyl cushions underneath prevents noisy clatter
- Australian made from local and imported components for faster turnaround
