

Rubber Rolls

Multi-use cushioning rubber in useful roll lengths.

Description

This affordable and eco-friendly product is extremely versatile and can effectively be used for a number of applications.

Ideal for all industrial and general rubber sheet applications, vibration dampening pads, acoustic control, under concrete slabs, truck, ute and horse float floors, just to name a few.

This non-permeable, anti-slip matting is also suitable for friction matting for most applications.

Key Features

- Superior slip resistance
- Durable and reliable
- Anti-fatigue properties
- Can be adhered or loose laid
- Vibration dampening
- Non-permeable 1000kg/m³ density made from polymerically bound recycled rubber

Perfect for:

Heavy duty industrial rubber sheeting for a variety of applications.

Benefits

Slip Resistance, Anti Fatigue, Suitable for wet areas, Custom, Outdoor Suitable, Suitable for Dry Areas

Full Rolls Sizes

1.2m Width x 10m Length Roll

**Cut To Length**

Can be cut to length

Colours Available

Black

Compound

Polymerically bound recycled rubber

Thickness

3mm, 5mm, 8mm, or 10mm
