

Tubular PVC Mat

A versatile, economical, lightweight solution for all areas.

Description

The Tubular PVC Mat from Mat World is built from PVC tubes welded into a grid. Light weight and easy to roll-up and move, our premium Vynalite Tube Welded Strip Mat is energy absorbent and helps prevent damage and breakage to dropped items.

This economically priced mat features strips welded to each other at right angles, making this a great draining mat with anti-fatigue properties. Soft on the feet and easy to clean, this premium flooring solution is a great fit for showers as well as boat flooring, to name but a few of its applications. Available in custom sizes as needed.
